The claim to claim to the c State be? Would not its huge shadow poison and contaminate the! The present anxiety and agitatic Presidents are small unatters comps what would happen were they to so so in the Breign despatches, rudenous for temperature of expression, and his works are, for the most part, a series of perty paragraphs which might have been spoken with effect at summer and bench in the Legislature, but are simply irritating in print. Whesher the third and fourth weltness of his "Life of Chas. James Fox" will be of more cold value than their prodecessors is doubtful, for the noble Lord does not get stronger with its gas. I fine the wish of the Whigs who are infer with a will continue to be that this Lord-diship had entrasted the materials at his command to a younger man, and one of action in the series of a french years ago upon France, 2' is series of a french y reception.

Mr. Bancoutt in that does in Konyand, but good Greek scholars but he is singular in this. Viril's Anniel is handled by Probasor Carrington of Oxpord University, and he fore the year is out if the "prottice hands" will probably be inspired, to similar tasks. Among other books, I notice that the little Prench traineller, M. Du Challin, nothing danisted by the skepticism which his has book awakened, is ready with another, recounting his late visit to equatorial Africa. Mr. Pritchard, the missionary scenari, who, in Louis Pritchard, the missionary scenario, who, in Louis Pritchard, in part of the American scenario, and the huntand of Miss Girn the actrees, is to show us in a series of easays, the true acterior of criticism, (which in his case, ill. sourced folk say, partly counsist in puffing your risends, while appearing to review them, Miss Lost, the Englis, correctues in the Pacha of Engyvi's family, is incised by the prariest curiosity her ast book criscles, to give another undouble the eatch-penny name of "Nights in the Harm," and a life and correspondence of William Hazlitis is to be brought out by his grandson, who has not one single point of resemblance to his brilliant relative, serve in the monthly parts, a floorer, and Miss Braddon's have magazine. Beforesia, is a flate in monthly parts, a floorer of the sate when the mean and the peculiar characteristics of its celltress for new to anticipaci Hun Bobenia has now a publication to licelf. A dosen young writers of the flat school have clatters and the leaf than active flate in man have a publication to licelf. A dosen young writers of the flat school have clatters. To manufacture represents a terminate of Presidents.

Tomag American yermer College Presidents.

Refines Chicago Tilliane:

In the piews herewith presented, I flesion it to be distinctly understood, that I am not at variance with the distinguished mer on the desirablences, the necessity of thorough education, to the extent heid by them, to those demanding it, but it is clearly appearent, that the progress of the age has developed measurities which the "colleges" have not met, and which they have sufficed to more on as greenfiles, until as one friend from L SEVIEW, 1 17 September THE WESTERN BURAL marker, a boy of four-teen and a girl of sight years.

280. O. marwest with more a young man of but twenty summers, or very popular and intelligent. His family is not of the oldest in the State, and his death will be deeply and widnly laminated. He had just graduated at the Alm Alson saw school, but had not yet been admitted to but those of a granitemph to a lady, and it is not likely that a boy of twenty could descinable week.
